

**Activity 1 (computer-based, reading and listening comprehension):**

*What is an environmental management plan?*

- Multimedia input:
- Power Point Presentation
- *Electronic pdf:*  
<https://www.environment.gov.au/system/files/resources/21b0925f-ea74-4b9e-942e-a097391a77fd/files/environmental-management-plan-guidelines.pdf> - p.8

*Learning objective/s:* at the end of the activity learners will be able to define what Environmental Management Plan is.

*Approximate time:* 45 min

*Procedure/description:* computer-based activity to encourage listening and reading comprehension. Learners are guided through input by going through a presentation presented by the trainer and by reading in pairs p.8 from the pdf above for gist. And through output by answering True/False questions.

*Task 1: What is the Environmental Management Plan? – PowerPoint Presentation*

Learners will be introduced to the EMP presentation and will read the following pdf:

<https://www.environment.gov.au/system/files/resources/21b0925f-ea74-4b9e-942e-a097391a77fd/files/environmental-management-plan-guidelines.pdf>

Guided reading will be followed by comprehension questions.

*Task 2: The EMP Guidelines*

Learners read particular information (around p.8) from the pdf article and identify the main elements of the EMP. They are asked questions to check comprehension and then encouraged to explain in their own words what an environmental management plan is. Learners will be supported by trainers and peers. Language output can be supported by images from the presentation or by images and graphics created by the learners themselves.
