

Module 5

Kit 4

Activity 1

ePortfolio Section 5: The Social Business Plan - Presentation

Trainer's Instructions:

Trainers will guide learners through the process of creating and uploading a digital presentation on their social business plan to their ePortfolio. Provide students with support documentation to support them in creating a presentation using PowerPoint or other presentation software. The PowerPoint Presentation Software Competencies file is an example of skills students may need.

Play the screencast to upload the Social Business Plan Presentation and guide students through the process by giving a live step by step example of the process. (learners will already have completed a module on presentation skills)

Creating your presentation:

Provide the students with a copy of the handout PowerPoint Presentation Software Competencies file. Go through the different digital skills needed to create an effective presentation.

Uploading your Presentation:

5. Social Business Plan: Presentation Updated 24 Aug 2017, 18:32

Click section 5 Social Business Plan: Presentation link in your ePortfolio and

Click Add files. Browse to find your file, Select the file and click Open.

Your ePortfolio now includes your presentation. You can delete or add another file if needed.
